INTRODUCTION

This catalog includes the periodical holdings of the San Francisco Public Library, Main Library, Civic Center.

Holdings for the neighborhood branches of the San Francisco Public Library system are included only if the title is unique to the branch, or if the branch has larger holdings than the Main Library. For a listing of branch libraries subscribing to a title, see the Branch Union List of Periodicals.

Holdings in this catalog are current as of March 30, 1990.

LIBRARY ORGANIZATION

As a result of the earthquake of October 17, 1989 and closure of the book stacks, San Francisco Public Library, Main Library, has been re-organized. Departmental names have been changed and many periodicals have been moved from one room to another. Older volumes of periodicals and journals may be inaccessible or available only on a delayed basis; check with the library department which owns the issues.

In general, the Dewey Decimal System numbers are accessible through the following subject departments:

0-99	Ask at Information Services
100-399	Humanities Department
except:	
368	Business/Science/Documents Department
380-389	Business/Science/Documents
391	Art/Music/Recreation Department
400-499	Humanities Department
500-699	Business/Science/Documents Department
700-799	Art/Music/Recreation Department
800-999	Humanities Department
except:	
925,926	Business/Science/Documents Department
927	Art/Music/Recreation Department
B (Biography)	Humanities Department
D (Documents)	Business/Science/Documents Department

All but a very small portion of the periodical collection is REFERENCE only. Those few magazines which can be checked out are in the CIRCULATING LIBRARY or the CHILDREN'S ROOM.

FORM OF ENTRY

Immediately below the title of the periodical are any descriptive notes followed by the holdings for the San Francisco Public Library, indicated by "SFPL". The column to the right of the title shows the subject department or branch in which that title is located, and the call number.

SYMBOLS IN CALL NUMBER COLUMN

*	Title is available for reference use only and may not be borrowed.
F	Title is folio sized and may be shelved in a separate location with other large-sized books in the department.
D	Title is a government document located in the Business/Science/Documents Department.
B	Title is biographical and located in the Humanities Department.
J	Title is located in the Children's Department.

CURRENT YEAR	Library has issues for the present calendar year only.

STORAGE or COMPACT STORAGE	Any holdings which are listed "IN STORAGE" or "IN COMPACT STORAGE" are in a remote location and may require extra time for retrieval. Consult department for correct procedure.

VOLUME ORGANIZATION

Titles are listed alphabetically, word by word. General newspapers are listed separately in the blue section at the back of the catalog.

In a case where two or more periodicals have the same title, they are distinguished by the place of publication following the title, e.g. FANFARE (LOS ANGELES, CALIF.).

If the two like titles have the same place of publication, the beginning publication dates also will be included, e.g. FACTORY (NEW YORK, N.Y.: 1907).

Titles beginning with the initials U.S., standing for United States, will be filed as though spelled out.

Many periodicals are listed under the latest title, with "SEE" references from earlier titles in the Library's holdings. However, those periodicals which have changed title since November 1987 will have holdings records under each successive title and reciprocal "SEE" notes.

Journals, transactions, bulletins, proceedings, etc., are usually listed under the names of the organizations which published them unless they have distinctive titles. When in doubt, check in both locations.

A selection of government documents is also included, but is not definitive. For items not found, check also the Main card catalog and the Documents Department.
